# STOLLER'S LIME SULPHUR

### **GENERAL INFORMATION:**

STOLLER'S LIME SULPHUR Fungicide Insecticide is readily miscible in water and should be used on the same day as it is mixed.

# MIXING & APPLICATION:

Shake contents well before using. Add the required amount of STOLLER'S LIME SULPHUR to the water in the spray tank with stirring or agitation. Agitate while spraying. Do not mix the STOLLER'S LIME SULPHUR with acidic water of pH below 4. Spray in the cool of the day.

# COMPATIBILITY:

STOLLER'S LIME SULPHUR may be mixed with winter oil for use on Pome and Stone fruit during the dormant to semidormant stages only. For details of this mixture consult the label of winter oil. STOLLER'S LIME SULPHUR has limited compatibility with other pesticides and the use of any mixture is entirely at the user's risk.

# PROTECTION OF WILDLIFE, FISH, CRUSTACEA AND ENVIRONMENT:

Do not contaminate streams, rivers, drains or waterways with the chemical or used containers.

# STORAGE AND DISPOSAL:

### **KEEP OUT OF REACH OF CHILDREN**

Store in the closed, original container in a well-ventilated area, as cool as possible. Do not store for prolonged periods in direct sunlight. Triple or (preferably) pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on-site. Otherwise break, crush, puncture and bury empty containers in a local authority landfill. If not available bury the container below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, vegetation and roots. Empty containers should not be burnt.

# SAFETY DIRECTIONS:

Avoid contact with eyes and skin. When preparing the spray wear elbow length PVC gloves and face shield or goggles. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water. After each day's use, wash gloves and face shield or goggles and contamineted clothing.

# First Aid:

If poisoning occurs, contact a doctor or Poisons Information Centre.

If in eyes hold eyes open and flush with water continuously for 15 minutes. Seek medical attention. If on skin, wash thoroughly with soap and watar.

# MATERIAL SAFETY DATA SHEET:

For additional information, refer to MSDS No. S/LS200597

# CONDITIONS OF SALE:

Seller warrants that this product consists of ingredients spacified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one, other than an officer of Seller, is authorised to make any warranty, guarantee or direction concerning this product. Because the time, place, rate of application and other conditions of use are beyond seller's control, seller's liability from handling, storage and use of this product is limited to replacement of product or refund of purchase price.
