

READ SAFETY DIRECTIONS BEFORE OPENING OR USING

SPRAYTECH CANOLA OIL ADJUVANT

ACTIVE CONSTITUENT: 832 g/L CANOLA OIL

**Increases droplet spread, chemical uptake and rainfastness;
Improves drift control and reduces foam generation;
Assists with odour and evaporation reduction.**

Contents: 20 L, 110 L, 200 L, 1000 Litres

AgroBest IP Pty Ltd

9 Palings Court, NERANG. QLD 4211
Ph: 07 5596 0622 Fax: 07 5596 0616

DIRECTIONS FOR USE:

SITUATION	APPLICATION RATE	CRITICAL COMMENTS
Misting machine	1 – 2 L/ha	Use higher rate with high dose rate products and mixes
Orchard Spraying	150 – 200 mL/100 L 1.5 – 2.5 L/ha	High volume spraying Low volume spraying
Vegetable Spraying	150 – 200 mL/100 L	
Hand Gun	200 mL/100 L	Spot spraying
Knapsack	20 – 30 mL/10 L	
Aerial CDA or ULV	1 – 2 L/ha	
Boomspray	200 – 500 mL/100 L	Use higher rate with high dose rate products and mixes

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS:

Spraytech Canola Oil Adjuvant will enhance the performance of agricultural and horticultural sprays by increasing droplet deposition and retention. As a result pesticide performance is enhanced and rainfastness is improved. Spraytech Canola Oil Adjuvant is non-phytotoxic at recommended rates and is compatible with most commonly applied agricultural chemicals. It can be used with most herbicides, insecticides, fungicides and other foliar sprays.

MIXING:

Half fill the spray tank with water and all other ingredients under agitation. Add required amount of Spraytech Canola Oil Adjuvant. Place hose below water line and top up tank with water and continue agitation until all ingredients are fully dispersed. Pre-mixing with the pesticide is not required.

COMPATABILITY:

Spraytech Canola Oil Adjuvant is compatible with a wide range of pesticides and will enhance efficacy to a varying degree depending on the particular pesticide class.

CAUTION:

Always check the pesticide label before the addition of Spraytech Canola Oil Adjuvant, as there are a wide range of potential combinations, test by application to a small trial area before undertaking full scale spraying for safety on non-target plant species. At high rates particular care must be taken when used with selective herbicides and under conditions of high temperature or humidity.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT:

DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL:

Keep out of reach of children. Store in closed, original container in a cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsing to spray tank. DO NOT dispose of undiluted chemical on-site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and deliver packaging for appropriate disposal to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots in compliance with relevant Local, State or Territory regulations. DO NOT burn empty containers or product.

Returnable containers (100 L): Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

SAFETY DIRECTIONS

Avoid contact with skin and eyes. Wear overalls, rubber gloves, goggles or disposable face shield. After each days use, wash contaminated clothing, gloves and face shield with soap and water. For additional Safety Directions refer to the pesticide label.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26.

MATERIAL SAFETY DATA SHEET

Additional information is listed in the Material Safety Data Sheet, available from the supplier.

CONDITION OF SALE

The use of this material being beyond our control and involving elements of risk to human beings, animals and vegetation, we do not make any warranty, express or implied, as to the effects of such use, when this product is not used in accordance with the directions as stated on this label.
